Backyard Wrestling 2: There Goes the Neighborhood is the sequel to last year's *Backyard Wrestling: Don't Try this at Home*. The game places players deep in the heart of Small Town America, USA, as Backyard Wrestling Inc. has announced "your town" as the location of its first live pay per view. There's a million dollar cash prize on the line for the wrestler who's got what it takes to destroy every obstacle in his way to the main event and ultimately the unified BYW championship. The game features several new elements such as online gameplay, a new Enviro-Mental™ gameplay engine that delivers unprecedented environmental and NPC interaction, as well as vastly improved graphics, and an enhanced Create-A-Wrestler system, allowing freedom in defining the look, style, accessories, body type and move sets. Other improvements include a new wrestling system with submission holds and body part specific damage, a cutting edge soundtrack, and more! **Not Final Cover.**
