## **With Love From Nina: Volume One** Nina Blaylock

In 2008, Nina Blaylock was engaged in what most 28 year old women would be: experiencing the newness of motherhood and marriage, adjusting to a new job and discovering where her career path would be taking her. However, it was during this same time that she would begin to experiences drastic and life altering changes in her health and family life and other crossroad-like events that begged her to ask the question, "What is the purpose in striving for better when the worst seems to continue to happen?" Instead of taking a defeated approach, she relentlessly fought back through a gift she possessed that had almost been long forgotten: her ability to write. She began painting a picture with her pen of her day to day life via her blog, WithLoveFromNina.com, where, although she revealed her roller coaster ride through life she would never neglect to, by each entry's end, give insightful, loving, soul stirring messages that would allow the readers to truly grasp the idea that this life is never going to be perfect but it has a great and meaningful purpose. This book is full of stories filled with heart, love, passion, purpose and presence that render its reading irresistible. It speaks to readers in every phase of life that are looking for a literary gem that is transparent, hopeful and full of strength. If that and more is what you seek, you will definitely find it in "With Love From Nina: Volume One".
