Feminist Studies: A Guide to Intersectional Theory, Methodology and Writing (Routledge Advances in Feminist Studies and Intersectionality) Nina Lykke

In this book, feminist scholar Nina Lykke highlights current issues in feminist theory, epistemology and methodology. Combining introductory overviews with cutting-edge reflections, Lykke focuses on analytical approaches to gendered power differentials intersecting with other processes of social in/exclusion based on race, class, and sexuality. Lykke confronts and contrasts classical stances in feminist epistemology with poststructuralist and postconstructionist feminisms, and also brings bodily materiality into dialogue with theories of the performativity of gender and sex. This thorough and needed analysis of the state of Feminist Studies will be a welcome addition to scholars and students in Gender and Women's Studies and Sociology.
