Lexi Carmichael: helping geeks everywhere get some.

Okay, so it's not exactly as it seems, but that's what's happening on the dating reality show called *Geeks Get Some that I, geek extraordinaire Lexi Carmichael, have been called to work on. Not that I'm a fan of reality shows (I can barely deal with my own reality). Still, I've been sent to Hollywood to find a hacker who's screwing with the results of the show's online voting system.*

*So what happens when I get there? Well, the producers convince me to continue my investigation from the inside. And what should be an easy hunt for the hacker turns ugly when he sets his sights on me. Add to that a studio obsessed with ratings, a bunch of nerdy contestants, and my own confusing love life, and unraveling this mystery might make me a star...or get me killed.*

*Meet Lexi for the very first time in No One Lives Twice!*

*75,000 words*
