Death in Life: Survivors of Hiroshima Robert Jay LIFTON

MYLAR COVER. STATED FIRST PRINTING. 1967 Random House hardcover, Robert Jay Lifton (Cults in Our Midst: The Hidden Menace in our Everyday Lives). In this classic study, winner of the 1969 National Book Award in Science, Lifton studies the psychological effects of the bomb on 90,000 survivors. He sees this analysis as providing a last chance to understand--and be motivated to avoid--nuclear war. This compassionate treatment is a significant contribution to the atomic age.
