From page vii: "Quality is a term often used but seldom defined, particularly in relation to construction....Residential Construction Performance Guidelines addresses the needs of both buyers and builders for an objective, credible, and uniform set of criteria that spells out minimum performance for acceptable workmanship and product performance." "The performance guidelines in this manual were initially created and reviewed by more than 300 builders and remodelers, under the leadership of the NAHB Remodelers Council and the NAHB Single Family Small Volume Builders Committee."
