Grumpy Old Wizards (Grumpy Old Wizards Series) (Volume 1) John O'Riley

Fifty years after the Disaster, the world is vastly different from days of old. Wizardry is the norm and magical talent is categorized. Josephine O'Connor, an eighty-four-year-old with a penchant for off-beat antics, is a category six, which means she possesses magical powers as rare as they are unsettling and a talent for psychometry that is so strong and acute that she can read the psychic impressions in a room without touching anything. With her unique physiology, she's over eighty years of age and still gets carded at R-rated movies. Most of the time it's flattering but it can sometimes be a nuisance. For the most part, Josephine spends her days like any other retirement community member. She plays cards with friends, attends get-togethers, and occasionally visits the beach until she is called upon by the police to investigate a crime scene left behind by a suspect with powers equal to her own. Now the race is on. Can an out-of-practice wizard marshal her abilities and catch a menace before he becomes so powerful even she can't stop him?
