## Trapped Particles and Fundamental Physics (Nato Science Series II:)

Fundamental physics with trapped particles (ions, atoms or molecules) represents one of the most challenging and promising fields of investigation, with impressive results during this last decade. The use of both particle trapping and laser cooling techniques, together with traditional techniques of atomic physics, represents a powerful tool of investigation for a wide range of fields. Experiments spanning very high resolution spectroscopy to Bose-Einstein condensation, tests of the Standard Model of electroweak interactions to precise mass measurements, detailed analysis of  $\alpha$  decay to QED tests have been presented by leading scientists who reported the most recent results and discussed the perspectives in the different fields. During the ten working days of the School, 39 lecturers, 6 seminars and two poster sessions have been organized by offering to the attendants a complete picture of the present research status about the new frontiers of atomic physics. L. Caneschi gave a general overview of the Standard Model of electroweak interactions. He pointed out the achievements and the limits of validity of the model.

### **From reader reviews:**

#### **Lois Araiza:**

The book Trapped Particles and Fundamental Physics (Nato Science Series II:) make you feel enjoy for your spare time. You can use to make your capable a lot more increase. Book can to become your best friend when you getting strain or having big problem with your subject. If you can make studying a book Trapped Particles and Fundamental Physics (Nato Science Series II:) for being your habit, you can get considerably more advantages, like add your own personal capable, increase your knowledge about a number of or all subjects. You may know everything if you like open and read a e-book Trapped Particles and Fundamental Physics (Nato Science Series II:). Kinds of book are several. It means that, science publication or encyclopedia or other people. So , how do you think about this book?

#### **Daryl Steele:**

The particular book Trapped Particles and Fundamental Physics (Nato Science Series II:) will bring that you the new experience of reading a new book. The author style to clarify the idea is very unique. If you try to find new book you just read, this book very acceptable to you. The book Trapped Particles and Fundamental Physics (Nato Science Series II:) is much recommended to you you just read. You can also get the e-book in the official web site, so you can quicker to read the book.

#### **Robert Alleman:**

Reading can called mind hangout, why? Because if you are reading a book mainly book entitled Trapped Particles and Fundamental Physics (Nato Science Series II:) your thoughts will drift away trough every dimension, wandering in each aspect that maybe unidentified for but surely might be your mind friends. Imaging every single word written in a guide then become one type conclusion and explanation which maybe you never get ahead of. The Trapped Particles and Fundamental Physics (Nato Science Series II:) giving you another experience more than blown away your head but also giving you useful data for your better life on this era. So now let us show you the relaxing pattern at this point is your body and mind will be pleased when you are finished looking at it, like winning a. Do you want to try this extraordinary spending spare time activity?

#### **Myra Hackett:**

What is your hobby? Have you heard that question when you got college students? We believe that that issue was given by teacher to their students. Many kinds of hobby, Everybody has different hobby. So you know that little person including reading or as examining become their hobby. You should know that reading is very important and book as to be the matter. Book is important thing to incorporate you knowledge, except your own teacher or lecturer. You get good news or update about something by book. A substantial number of sorts of books that can you take to be your object. One of them is niagra Trapped Particles and Fundamental Physics (Nato Science Series II:).
