## **Maid for Spanking** Paige Tyler

Colleen Palmer hates her job as a computer programmer. The pay is good, but the hours are terrible, and what's worse, she never gets to work on anything interesting. Unable to take it anymore, she quits to go in search of her dream job. In the meantime, though, she still has to pay the bills, so she lets her friend talk her into becoming a maid for Silicon Valley's rich and famous.

Cleaning really isn't her thing, but polishing silver and dusting furniture doesn't seem so bad when she meets her first client, the gorgeous Steven Hughes. It might not be her dream job, but on top of making some pretty damn good money and setting her own hours, she gets to spend her day with a hot and hunky guy.

There are some drawbacks to working for Steve, though. One, he tends to be a little obsessive compulsive about how he likes his house cleaned. And two, he has an annoying habit of spanking her every time she doesn't follow orders. But everything changes when her curiosity gets the better of her and she sneaks into his secret room to discover he's a computer programmer just like her. And that working alongside him might just be the dream job she's been looking for. If she can put up with all his spankings.
