## **Night of Stone: Death and Memory in Twentieth-Century Russia** Catherine Merridale

During the twentieth century, Russia, Ukraine, and the other territories of the former Soviet Union experienced more bloodshed and violent death than anywhere else on earth: fifty million dead in an epic of destruction that encompassed war, revolution, famine, epidemic, and political purges. In *Night of Stone*, Catherine Merridale asks Russians difficult questions about how their country's volatile past has affected their everyday lives, aspirations, dreams, and nightmares. Drawing upon evidence from rare Imperial archives, Soviet propaganda, memoirs, letters, newspapers, literature, psychiatric studies, and interviews, *Night of Stone* provides a highly original and revealing history of modern Russia.
