**That Bitch: Protect Yourself Against Women With Malicious Intent** Roy Sheppard, Mary T Cleary  
This book is about the women you just wish you had NEVER met; the small number of women with NO conscience who target innocent men and women with TOO MUCH conscience. These women see their victims as having a character flaw that is there to be exploited. The book explores the lying, cheating, conniving and manipulation of women with malicious intent. What are the everyday tricks of their tyrannical trade? How she claims to be the victim when she is the aggressor. And how this makes it far more difficult for genuine female victims to receive the help they need and deserve. The case studies in this book of how men are abused physically, financially, psychologically and even sexually, are truly shocking. Large numbers of men are stigmatised, ridiculed and disbelieved when they don't conform to society's male stereotype.
