## **Methodical Illusion** Rebekah Roth

The glamorous life of an international flight attendant can be anything but, as Vera Hanson discovered the morning one of her crew members was found murdered in a Paris hotel room. That morning began to put into focus some of the experiences of Vera's thirty year airline career, which she had purposely been avoiding. It caused her to look more deeply into the questions surrounding 9/11 that never made sense to a flight attendant, but that no one had seriously investigated. With the help of her pilot friend Jim Bowman, they embark on a cross country journey employing their wisdom, experience and intense research to uncover the mysteries of what really happened to the four airplanes and the people on them that fateful day. Written as a novel, Methodical Illusion has been excruciatingly researched from an insider's perspective, utilizing proprietary knowledge of airplanes, universal FAA protocols, standardized flight crew procedures and all hijacking policies. The results are the never before revealed answers to the daunting questions everyone has had, but few had dared ask aloud for fear of the repercussions that undoubtedly follow. Rebekah Roth is right on target with her mind blowing research which is guaranteed to open your eyes.
