High profit trading patterns, revealed by utilizing time-honored Japanese candlestick signals. A straightforward approach to understanding and exploiting market opportunities. Practical applications to predict stock price movements consistently and profitably, a winning system in good times or bad! All detailed in: "High Profit Candlestick Patterns: Turning Investor Sentiment into Profits" By Stephen W. Bigalow

Don't play the market, Beat the Market! Stephen W. Bigalow's first book "Profitable Candlestick Trading" taught the novice investor how to quickly identify the best trading opportunities. Now his new book, "High Profit Candlestick Patterns" takes his teaching to the next level. Combining the proven results of Japanese Candlestick charting with effective Western technical analysis, produces even higher profit wealth-building stock selection techniques. Learn the key to profitable stock selection with this safer approach to investing and avoid expensive trading mistakes. Quickly learn the simplest, yet most intelligent, approach to stock selection. Candlestick signals visually produce compelling results. Japanese candlestick charting techniques, integrated with statistically proven Western technical analysis, produces an even more powerful investment platform. The ability to recognize trading patterns in their very early stages empowers an investor with high profit trading strategies.

For the technical investor, the combined analysis provides potent trading programs. The fundamental investor gains tremendous insights into the timing of positions. The introduction of cutting-edge computer generated technical analysis, with the world's most proven trading technique, becomes a powerful tool for understanding the movements of the markets. Discover simple techniques that put the probabilities highly in your favor.

Japanese candlestick signals provide an immense amount of information. They graphically depict what is occurring in investor sentiment. This alone provides a huge advantage for the investor. Having the ability to identify reversals in price trends, utilizing statistically proven and utilized signals, allows an investor to develop high profit trading strategies. The psychological elements not only reveal trend reversals, but they provide the insights for understanding why that reversal is occurring. This becomes a very powerful investment tool.

The graphic illustrations in this book are simple common sense revelations. Utilizing candlestick signals in conjunction with Western technical patterns produces two strong investment elements. First, it allows for the recognition of the optimal times for entering a trade. Second, the candlestick signals revealed immediately when the trend pattern is not performing correctly, allowing for quick exits.

You will receive a whole new perspective for profitably investing in the markets. You do not have to learn formulas nor develop investing talents. The combination of candlestick signals with easy-to-identify trading patterns will vastly expand your investment confidence. The self-mastery of profitable investing is greatly simplified with quick visual evaluations.

Successful investment techniques are the natural result of the information conveyed in high profit candlestick patterns. Stop loss procedures become easy to execute, eliminating emotions. Money management techniques incorporated that puts your mind at ease. Simple analytical processes disseminate true investor sentiment versus the publicized rhetoric. The comprehensive information found in this book will forever give you a clear advantage in the investment arena. You'll receive the benefits of nearly 2 decades of valuable

investment insights. Use this to your advantage. When it comes to your investment dollars, put all the probabilities in your favor.

Make this a turning point in your investment results. Take this important step t
