Religion and the American Constitutional Experiment: Third Edition

John Witte Jr., Joel A. Nichols

Religion and the American Constitutional Experiment: Third Edition John Witte Jr., Joel A. Nichols
The third edition of this classic book provides a comprehensive, multidisciplinary overview of the history, theory, law, and comparative analysis of American religious liberty from the earliest colonial period through the most recent Supreme Court cases. The authors present balanced, accessible discussions of controversial issues, such as funding religious schools and charities and displaying religious symbols on government property. Three chapters new to this edition cover the free exercise of religion, religion and public life, and religious organizations and the law. In addition, an expanded concluding chapter places the American experience in global context by comparing contemporary American religious liberty law with international human rights standards.
