## **Fossils of the Carpathian Region (Life of the Past)** István Fzy, István Szente

István Fozy and István Szente provide a comprehensive review of the fossil record of the Carpathian Basin. *Fossils of the Carpathian Region* describes and illustrates the region's fossils, recounts their history, and tells the stories of key people involved in paleontological research in the area. In addition to covering all the important fossils of this region, special attention is given to rare finds and complete skeletons. The region's fossils range from tiny foraminifera to the Transylvanian dinosaurs and mammals of the Carpathian Basin. The book also gives nonspecialists the opportunity to gain a basic understanding of paleontology. Sidebars present brief biographies of important figures and explain how to collect, prepare, and interpret fossils.
