## **Man vs. man** Nicolas Dane

Jackson Mann had no idea that his entire life was to be an audition for his mysterious, new job. He must take his short lifetime of knowledge and use it alongside a very unique set of individuals who, unbeknownst to them, are helping him further his cause. The problem is that Jackson's success is not solely contingent on his intellect, but upon all those who are employed, like him, to achieve the same unique goal. With the chronic and unwanted introduction of new characters and ever changing variables, Jackson must influence his organization to achieve success, until one day, strangers, older than Man itself, interrupt the work Jackson is trying to accomplish.

The oldest and most insidious secret organization in existence is working to influence the World, but what are their goals and who are they really working for?
