## Teaching Against Islamophobia (Counterpoints)

As corporate and governmental agencies march us towards global conflict, racism, and imperialism, this book contends that teachers must have the tools with which to combat unilateral politicization of Arabic and Muslim peoples. Teaching Against Islamophobia creates a pedagogical space for educators to engage with necessary issues and knowledges regarding the alienation of Islamic culture, religion, knowledge, and peoples.

Edited by a WASP, a Jew, and an Iranian, this book confronts the fears, challenges, and institutional problems facing today's teachers. Taking its cue from critical pedagogy, this book is a collection of essays by artists, writers, performers, and educators committed to naming the insidious racism and hatred of those who would isolate and vilify Islam.
